Clothing Guidelines

At Tannie Net's Daycare, we believe children learn best by exploring the world around them.

Our days are filled with mud kitchens, water play, painting, sensory activities, nature exploration, climbing, gardening and plenty of messy fun. While every effort is made to keep children reasonably clean, we value discovery far more than spotless clothing.

Please dress your child in comfortable, practical clothing that:

- allows free movement
- can get dirty without causing stress
- is appropriate for active indoor and outdoor play

For toddlers, we recommend:

- Summer: T-shirts and shorts
- Winter: Tracksuits or other warm play clothes

For infants, comfortable seasonal onesies are ideal.

Please save special outfits and "Sunday best" clothing for family occasions. At daycare, getting messy is often a sign that your child had a wonderful day of learning.
